**“ClearBars”
see-through burglar bars**

- “ClearBars”

The new see-through burglar bar

“ClearBars”

The new see-through burglar bars.

- *Coastal Windows* supplies ClearBars burglar bars made from the strongest thermoplastic available in the world. (The Israeli military uses it to bomb-proof windows) The material is virtually unbreakable, making it extremely safe in areas where parts may be exposed to impact. When exposed to repeated heavy blows, the material tends to cold form rather than shatter or break.

Elegant and effective security.

At last! Security with a view.

Keep baboons out !!

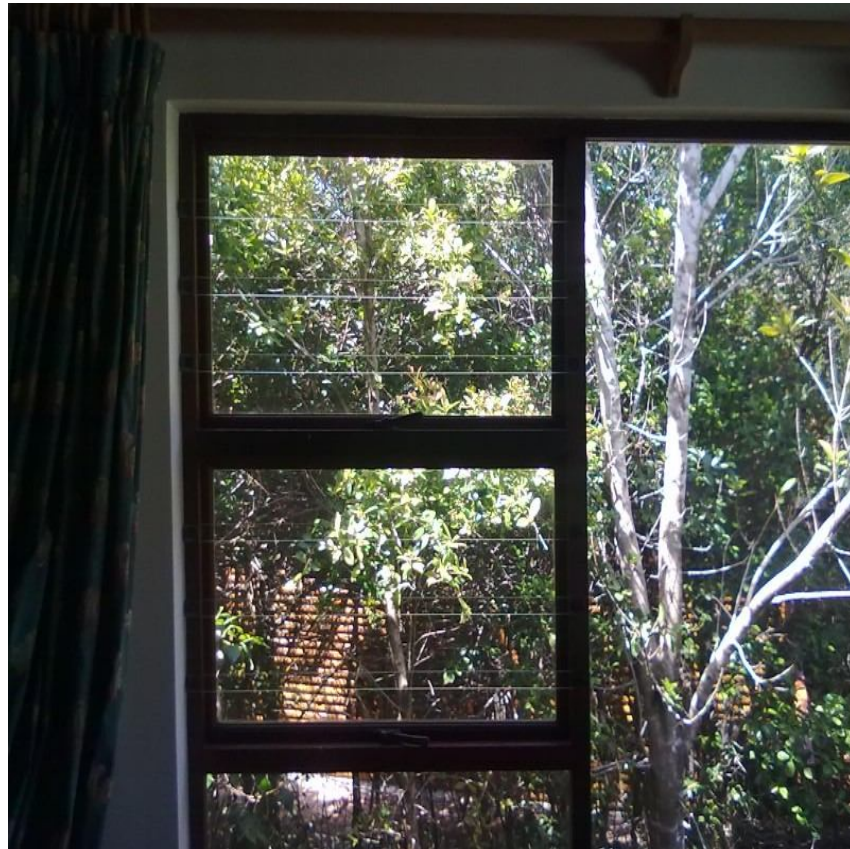

“ClearBar”

“Monkey proof your windows”

Suitable for wooden & aluminium windows.

“ClearBars”

- Maintenance free & UV treated.
- Strongest thermoplastic in the world.
- Tensile breaking strength of 3000kg.
- Used for airplane windows, F1 cars, riot shields, rocket windows.
- Virtually unbreakable.
- Professionally installed.
